## **Sempermed Introduces SemperShield™ 12" Nitrile Exam Glove**

**Clearwater, FL, August 24, 2009:** Sempermed, one of the world's leading manufacturers of hand protection, is pleased to introduce its SemperShield™ extended cuff nitrile exam powder-free glove.

With extra thickness and an extended cuff compared to a traditional nitrile exam glove, SemperShield™ Nitrile exam gloves are designed for high-risk applications where your safety and protection is a must. Its textured surface promises a secure grip without compromising your sensitivity. SemperShield™ Nitrile offers all the benefits of a nitrile glove plus it is tested and approved for use with chemotherapy drugs.

Sempermed is a vertically integrated manufacturer that provides focused sales, marketing, and logistical support to those in need of hand protection.
